OUTLINES.

The new railroad rate law passed at the last session of Congress went into effect last midnight, but not a single railroad was able to comply with it owing to lack of time given by the act to do so——The Postoffice Department has decided to use mails from letter boxes——A conference of Democrats opposed to Hearst for Governor and favoring Jerome has been called at Albany, N. Y., September 5th ——Meteorologists are at a loss to explain the unprecedented rainfall in the South and East, the precipitation at Washington during August having been 12 inches against an average of less than inches——Following the slaughter of 32 persons when an attempt was made on Saturday to assassinate the Russian Premier, a young woman on Saturday at St. Petersburg assassinated General Mim, and at Warsaw yesterday a young man slew General Von Liaranski——It is charged that 2,000, Americans have been held in a state of slavery at Sainte Nazaira, France——In an encounter between rural guards and insurgents in Cuba 17 rebels and one of the guards were killed; President Palma has offered amnesty if the insurgents disband——Hon. Wm. J. Bryan has refused to be taken free over a railroad on his trip to New ngland; already a large delegation of Florida Democrats has arrived in New York to attend the Bryan reception Thursday night——New York, August 27.—Money on call 3 1-2 to 5 per cent., ruling rate 4 1-2, closing bid 4, offered at 4½; spot cotton quiet 10; flour quiet, with quiet trade; wheat barely steady, No. 2 red, 77 3-4 elevator; oats steady, mixed, 35 1-2; turpentine firm 64 1-2 to 65; rosin firm strained common to good, 4. 16 to 4.20.

The Karnagay spellin is Oll Korrect" —T. Roosevelt.

The man who holds on to exploded ideas may as well expect to go up the flume.

The Democrat who hasn't made up his mind that he will have to get on the Bryan bandwagon will find himself as lonesome as a raincrow.

The Boston Commercial Bulletin states that "A Canadian syndicate is going to dam the Mississippi river. The object of the dam undertaking is not stated.

The man who is a Democrat should secure his credentials in the shape of a receipt for One Dollar forwarded to Chairman Griggs, of the Democratic Congressional Committee, Washington, D. C.

It is reported that Congressman Blackburn (Rep.) will make a good run in the Eighth District, but the Democratic standard bearer, Hon. R. N. Hackett will most likely turn him into an open switch.

"A man should be rich, quite rich, before he is married, if he would live happily in New York, says Mrs. Russell Sage. We infer from what she says that matrimonial felicity comes high in New York.

Senator Bailey, of Texas, says "the Presidency cannot be bought again.' However, the Republican party will refuse to take Bailey as authority on commercial transactions of that magnitude and two years from now will go right on raising the money to make its usual bid.

Says the Greensboro Industrial News (Rep.): "Some of our contemporaries may think they can switch us off our original track, but they cannot do so. We still want to Know: What is a Democrat?'" Until Bryan lays down the definition at his reception in New York Thursday night, it is only necessary to say now that a Democrat is a bugbear to the Republican party.

Because a pretty blonde girl threw a bomb at the Governor General of Warsaw, the police are giving all the golden-haired girls lots of trouble by arresting them on suspicion that they are terrorists. The fact is the Warsaw authorities are as much stirred up as a black haired married woman is when her husband gets a golden hair on the lapel of his coat by thoughtlessly using a hair brush that some blonde might have used.

WHOLESALE CANDIES

Carl B. Rehder Candy Company Will be Name of New Wilmington Enterprise.

OPENS HERE THIS FALL

Popular Young Business Man Withdraws From Department Store to Launch Into New Field—Fancy Goods to be Handled.

The Carl B. Rehder Candy Company is the name of Wilmington's newest and most promising enterprise. As the name implies, Mr. Carl B. Rehder, lately with the big Department Store of J. H. Rehder and Company, is the genius at its head and the line will be plain and fancy candies of every variety which will be handled at wholesale. The exact location of the new enterprise has not yet been decided upon but Mr. Rehder has in view several eligibly located stores and upon his return to the city in a week or ten days will decide upon which he will select.

Mr. and Mrs. Rehder are now at Berkeley Springs, W. Va., and it is Mr. Rehder's purpose to go North from there to buy his stock and have everything arranged for opening business on October 1st. He will handle all kinds of candies from the leading manufacturers of the country, including penny goods, stick candies, fancy bon-bons, chewing gums and all the latest novelties in the confectionery line, including the famous Headley's chocolates, for which Messrs. J. H. Rehder & Company, of this city, have been distirbuting agents in this territory for some time. It is the purpose of Mr. Rehder to put a travelling man on the road in the Carolinas and an additional salesman for the city trade, reclaiming much of the business in this line which now goes to Charleston and Richmond simply because there has never been a large house of the kind in Wilmington. Arrangements will be made by Mr. Rehder while North to have fresh shipments made to him weekly and in this way his customers will have the advantage of the newest and freshest to be had in the confectionery line.

Mr. Rehder severed his connection with J. H. Rehder & Company just before leaving a few weeks ago for the Springs to spend some time and writes that he is in fine health and will enter upon his new business career with much enthusiasm and interest. He is one of Wilmington's most enterprising business men and left the old firm with only the most pleasant feelings to engage in a business he is confident will pay well and supply a want in the city's varied industries. The candy business now being done by the firm of J. H. Rehder & Co., will be turned over to the new firm on Oct. 1st.

Mr. Carl Rehder was with his brother, Mr. Jno. H. Rehder, in the firm of J. H. Rehder & Co., for twelve years, working his way up from bundle boy to junior member of the firm. He has fine business ability, is clever and affable and will succeed in any endeavor that he may undertake. His new place of business will be open in time for the holiday business.

Woman Charged With Larceny.

Rachel Smith, a colored woman from the northern part of the city, was given trial before Justice Furlong yesterday on a charge of the larceny of something over $4 from another colored woman named Minnie Clark. She was bound to the higher court under bond of $50 which she could not give and went to jail.

REPUBLICAN CLANS

Sixth District Congressional Convention Meets at Wrightsville Beach This Afternoon—Some of the Candidates "Mentioned."

The Republican Congressional Convention of the Sixth District will convene this afternoon at 4 o'clock in the auditorium of the Seashore Hotel and will be called to order by R. W. Davis, Esq., of Southport, chairman of the District Executive Committee. The purpose of the convention is the nomination of a candidate to oppose Hon. H. L. Godwin, of Harnett, and for the transaction of such other business as may come before the body. Not a very large attendance is expected, but those who will be here will be high in the councils of their party and matters will be transacted of importance to those who will be present.

Several candidates are mentioned for the nomination by the Republicans, though all concede that the honors, in a measure, are "empty.' Among those spoken of for the place are Warren Carver, of Cumberland; Coates, of Harnett, and Davis, of Southport. An effort was made to bring out J. B. Schulken, Esq., of Columbus but Mr. Schulken, is understood to have declined. Capt. E. R. McKelthan of Cumberland, is an independant candidate for the office, it is reported from Fayetteville, and an effort will be made to endorse him. The Fayetteville Observer of yesterday afternoon says it learns that the Cumberland delegation will vote for Capt. McKeithan's endorsement. Messrs. A. H. Slocomb and A. L. McCaskill, prominent Republicans of the Upper Cape Fear, will be here on the steamer Lyon this morning for the purpose of attending the convention.

There has been talk of nominating Mr. Iredell Meares, Democrat, of Wilmington, for the position, but it is understood that Mr. Meares would not accept the nomination if tendered him.

MR. L. A. GODWIN DEAD.

Brother of Congressional Nominee—News Notes From Dunn.

(Special Star Correspondence.)

Dunn, N. C., Aug. 27.—Mr. Leander A. Godwin, a brother of Hon. H. L. Godwin, Congressional nominee from this district and a gentleman held in the highest esteem, died yesterday at his home a mile from town Mr. Godwin was a good farmer and a splendid citizen. He had been confined to his home with typhoid fever nearly three months. He leaves a wife and four children.

Work begun this morning on the handsome new graded school building. Mr. C. M. Beasley is superintending the contract.

Rev. Mr. Walker, the Southern evangelist of the Disciple church is holding a protracted meeting here this week. Mr. McKinnie, of the West, is leading the singing.

Harnett court convenes next Monday at Lillington.

Jones' Big Railroad Shows will exhibit here on the 30th.

FORT FISHER SURVIVORS.

Gratifying Number of Responses to Call For Organization.

Rev. J. A. Smith, of this city, who is at the head of the movement to organize an association of the survivors of the battle of Fort Fisher, says that he has received a gratifying number of responses to the recent call for the meeting here in September and that every indication points to a large attendance at that time. There are many others, however, from whom he has not yet heard and will make a further appeal to all to come so far as they are known. After the formation of the association of the survivors, it is proposed to have a reunion of all survivors on the grounds of the memorable engagement.

NEW COUNTY BRIDGE.

Work Will Begin on Reinforced Concrete Structure Soon.

Commissioners McEachern, Robertson and Divine in company with Capt. Walter G. MacRae yesterday went out on the Market street road to the creek below the National cemetery where the county will soon begin the construction of a reinforced concrete bridge over the stream there, a contract for which was recently let to Mr. W. E. Glenn. Capt. MacRae was along for the purpose of giving the lines for the bridge which will be slightly changed from the present structure so that the approaches will be in a straight line. The work will begin in a day or two now and will be one of the best bridges ever built in the county. Others are to follow if the concrete structure proves a success.

MONDAY PENITENTS

Sixteen Cases Disposed of Yesterday in First Week Day Police Court.

SEVERAL FOR THE ROADS

Colored Excursionist Bound Over to Higher Court—Henderson Hayes Made His Periodical Appearance and Paid Costs.

Sixteen cases all told were disposed of by Mayor Pro Tem. O'Brien yesterday in the municipal court. It was the regular Saturday night harvest of the police and the array in the prisoner's dock was imposing. Several recruits for the roads and farm was the result of the grind of the court for something over an hour.

Lugenia Bacchus and Amanda Norman, colored women of unsavory reputation, were arraigned for an affray at Fourth and Swann streets where they were arrested Saturday night by Officer J. J. Moore. The Bacchus woman was given 15 days on the roads for the affray and was held under bond of $50 for the higher court on a charge of an assault with a deadly weapon. The Norman woman was fined $5 and costs.

John Exum and Joe Davis, a couple of fertilizer factory hands, were charged with larceny by trick. The evidence was insufficient and they were discharged.

Willie Ratley, a negro drayman charged with trotting his horse around a down-town corner, arrested by Officer M. P. Newton, was let go with the costs.

John Tharpe, drunk and down, arrested by Officer E. R. Chadwick, escaped with the costs. Henderson Hayes made his periodical appearance and smiled his satisfaction when the Mayor varied the monotony of "thirty days" with a judgment of the costs.

Lottie Davis, colored, arrested by Officer E. R. Chadwick for being drunk and disorderly on Castle between Sixth and Seventh streets, was fined $20 and costs or 30 days on the farm. She took the days. The woman was using the vilest language and had to be gagged on her way down to the police station in the patrol.

David Carmichael, the South Carolina negro excursionist arrested Saturday night by Officer J. R. Minshew at the A. C. L. station was fined $5 and costs for being drunk and down and was bound to the higher court for carrying a concealed weapon. He was the negro who was found with his pockets full of cartridges and a pistol strapped around his ankle when searched at the police station. The negro is trying to arrange bond through his friends in South Carolina.

Charlie Burnett, colored, charged with an assault with his fist, was discharged. The prosecutor withdrew the warrant.

James Mills, drunk and disorderly and arrested by Officer T. G. Evans, was fined $5 and costs.

Charles Musgrave, drunk and down and resisting Officer T. G. Evans at Fourth and Harnett streets, was given a straight sentence of 30 days on the roads. James Roberson, a Sampson county youth, who fell by the wayside Saturday night, was discharged.

Ed. Carter, a negro who carved up another negro near Fourth and Harnett streets Saturday night was held until the patient can get out of the hospital. Case of Rob Smith was also continued. He is charged with gambling.

AUDIT AND FINANCE BOARD.

Special Meeting Called For To-night—Red Cross Street Macadam.

The Board of Audit and Finance will meet in special session this evening at the usual hour upon the call of the chairman. It is understood that the matter of interest to be taken up will be the extension of the present contract with Mr. C. H. Dock for a sufficient amount of rock from the city quarry to complete the macadam of Red Cross street to the hospital. The request was made of the Board at the last regular meeting by Chairman O'Brien of the Streets and Wharves Committee, but the Board would not entertain the proposition on the ground that the money was not in sight. It is the presumption that the Board has found where the money can be made up from some other department and that the number of tons required to complete Rel Cross street will be forthcoming upon completion of the present contract.

THE SUPREME COURT

Applicants for License to Practice Law—Regular Fall Session For Hearing Cases From the Districts—Other Raleigh News.

(Special Star Telegram.)

Raleigh N. C., Aug. 27.—When the Supreme Court convened this morning for the Fall term sixty-seven applicants for license to practice law in North Carolina were presented and spent the day pouring over the examination papers under the supervision of the court. Two of the applicants are negroes. The largest class on record was eighty-three two years ago. The court will call appeals from the first district tomorrow and the term will continue for sixteen weeks, one week being devoted to each of the sixteen districts in the State. All members of the court were here for the opening this morning: Chief Justice Walter Clark and Associate Justices H. G. Connor, Platt D. Walker, W. A. Hoke and Geo. H. Brown, Jr.

The Wake county division of the North Carolina Cotton Growers' Association has adopted a resolution to join with other divisions in various parts of the South in demanding the resignation of Richard Cheatham as secretary of the Southern Cotton Growers' Association because of the charges against him for dealing in cotton futures.

Sheriff Stevens, of Wayne county, was here this morning to deliver to the penitentiary Paul Jones, a sixteen-year-old negro youth to serve twenty years for shooting another negro. It seems that the two quarreled over a pair of trousers and the other negro, a well grown man, beat the youth severely. The youth afterwards went for a gun, came back and shot his assailant dead.

MISS JESSIE BUMPASS DEAD.

Passed Away in Newbern Sunday—Her Father Abroad.

Friends in this city learned with painful sorrow yesterday of the death of Miss Jessie Bumpass daughter of the Rev. R. F. Bumpass, which occurred at Newbern Sunlay night at 9:30 o'clock after a long illness with typhoid fever. Rev. Mr. Bumpass was presiding elder of the Wilmington District M. E. church about eight years ago and the family resided here. They have many friends here and elsewhere who will sympathize with them deeply in the bereavement they have suffered.

Rev. Mr. Bumpass has been abroad for several months and is now in Egypt. He nows nothing of the illness and death of his daughter and his trip will not be marred by news of it until he returns to this country. The remains of the young woman were taken to the old home of the family at Durham for interment yesterday.

A. C. L. IN FLORIDA.

General Manager Royall and Other Officials on Inspection Tour.

Sunday's Jacksonville Times-Union has the following:

"General Manager W. N. Royall, of the Atlantic Coast Line railway, Supt. M. Riddle, of the Second division, with headquarters in Savannah and other officials of that road, were in Jacksonville several hours yesterday morning on an inspection tour.

"These gentlemen in a special train have been touring the State inspecting the various lines. On their southward trip Supt. Ford, of the Third division, with headquarters in Jacksonville, joined them and went over the Southern system.

"The party reached Jacksonville about 1 o'clock yesterday morning from High Springs and after inspecting the facilities here, proceeded during the afternoon to Wilmington, N. C."

ROBBED CASH DRAWER.

Livery Stable Negro Made Haul Saturday Night.

Upon evidence worked up by City Detective Robert Green, a negro named John Bethea was arrested yesterday morning as he was about to board the steamer Wilmington for Carolina Beach, the charge against him being robbery. Bethea had been employed at the City Livery Company's stables and Saturday night something over $27 was stolen from a cash drawer soon after the money had been placed there by Mr. Wellington Tatum, the night man in charge. Bethea had drawn only a small amount of money Saturday night and Capt. Green found him spending cash pretty freely Sunday. The evidence is strongly circumstantial. The arrest was by Officer I. F. Huggins on a warrant secured from the City Hall.

A STRANGER'S VIEW

Charlotte Man Gives Some Impressions of Wilmington's Industrial Progress.

INTERVIEW IN THE OBSERVER

Live, Bustling Busy City, Its Progress is Amazing—Shipping and Banking Interests—Real Estate and Hotel Accommodations.

The following kind expression from yesterday's Charlotte Observer will be read with interest in this city:

"Few people in this section of North Carolina have any idea of the importance and the progress of Wilmington," said a Charlotte man yesterday who has just returned from the coast city. "A few years ago that city was at a standstill, but things have changed. From a sleepy, dull, easy-going town, Wilmington has developed into a live, hustling, busy city. Its progress is amazing. New buildings are going up on every street; real estate has increased in value and business in every line is good. The shipping business there is something immense, and the wholesale grocery and commission firms are numbered by the dozen.

"A Wilmington real estate man said last week that there is not a vacant residence in the city, and the same can be said of stores. Not less than half a dozen stores are now in course of erection in the business center of the town. Scores of residences are being built in all sections of the city.

"Wilmington, like Charlotte, has been sadly in need of better hotel facilities. The Orton and the Colonial Inn are about what the Buford and Central were before they were improved a few months ago. But a new hotel will be built very shortly. A lot has already been purchased on Chesnut street, facing the large lawn in the rear of the handsome postoffice, and the hostelry will probably be built and open to the public within another year.

"Speaking of the shipping business at the coast city, a man who is not familiar with ships can not realize what a large amount of freight can be carried by the large ships that ply between Wilmington and New York and Baltimore and other home and foreign ports. The Gretevale, a tramp steamer from Glasgow, Scotland, is now taking on a cargo there. It is a steel ship, 35 feet in length, with a cargo capacity of 5,500 tons, and draws 26 feet of water. The cargo out will consist of about 4,500 huge cypress logs and 3,500 barrels of rosin and turpentine, and then it will go out light. The Gretevale is just from Colon, Panama, where it delivered 200 freight cars for the Panama railroad. Ten thousand bales of cotton is not a large cargo for a good size freight steamer. Wilmington does quite an export business in cotton, logs, lumber, rosin, turpentine and other products, and its wholesale merchants in turn import thousands of tons of molasses sugar, salt, and other groceries. There are few vessels that cannot reach the water front of the city. Ships drawing 20 to 26 or 28 feet of water have no trouble.

"The banking business is a good index to a city's prosperity. There are three national and four or five savings banks at Wilmington, which has the largest banking business of North Carolina cities. The newest and one of the most prosperous banks of the city is the Southern National, of which Mr. C. N. Evans, formerly of Charlotte, is the popular cashier. This institution is just nine months old, but it is doing more than a million dollar business already.

"A man need not spend a year in Wilmington to learn that it is making as rapid strides as almost any city in the South."

STREET CAR ORDINANCE.

Confusion as to Construction of Law as to Junction.

There seems to be some confusion in regard to the law regulating the movement of street cars at the Front and Princess junction. Recently there has been a demand for an enforcement of the law in regard to how cars shall stop at the junction and yesterday afternoon the police made several arrests with the sanction of the Consolidated officials, who are anxious to have the law properly construed. This will be done when the cases of the street car men are called before Mayor Pro Tem. O'Brien to-day. The Consolidated Company will likely be represented by counsel who will object to one method of stopping the cars, on the ground of its danger to life and limb.

PRDSPERITY IN SPITE OF THE REPUBLICAN PARTY.

We have been regaled with the Roosevelt campaign document which was recently sent to Congressman Watson, of Indiana, as a letter, and now Senator Beveridge, of Indiana, has waded to the front. A few days ago Senator Beveridge delivered a speech at Portland Me., and among his deliverances was that "the issue is this National Congressional campaign is moral rather than economical." Like President Roosevelt he gumshoed around the tariff. He said:

"Not the condition of the country alone, but that condition in connection with the legislation urged and secured, and the execution of existing laws by Theodore Roosevelt and the moral advance for which he stands. Do you believe in Theodore Roosevelt? If you do, you will elect Congressmen and Senators who will support him. Do you believe that American business should not only be the greatest but also the purest in the world? If you do you will elect Congressmen and Senators who will aid President Roosevelt in his policy of purification. Do you believe in increasing the prosperity of the nation and at the same time uplifting the morality of the nation? If you do, you will elect Congressmen and Senators who will aggressively support President Roosevelt's policy of constructive righteousness."

As the Republican party, with all its "moral" ideas and practices (?) has been in power for 46 years, with the exception of President Cleveland's two sandwiched terms, people would like to know how the country got into such a condition that purification is needed and needed badly. All of the abuses that need reform grew up under Republican administrations, and yet the Republican party through Senator Beveridge is asking to be continued in power to correct the evils, many of which Republican legislation and policies are responsible for.

The Richmond Times-Dispatch, commenting upon Senator Beveridge's talk of moral issues, reminds him that the tariff revision, which the Republicans have sidestepped is a moral issue, and cites that "the government has no moral right to impose a tax for any purpose save that of raising revenue;" "no moral right to impose a tax in the interest of any class," and "no moral right to impose a tax upon one class for the benefit of another class." The Republican party, however, does burden one class with a tax for the benefit of another and in this campaign it is refusing to right the wrong.

Our esteemed Richmond contemporary, speaking further of some Republican stock arguments, says:

"Of course, Mr. Beveridge spoke of our tremendous prosperity and gave all credit to the Republican administration of national affairs. Here, too, he fails to reckon with the intelligence of Americans. Since 1897, the year from which Mr. Beveridge dates our prosperity, we have had bumper crops of corn, wheat, cotton, and all other farm products. Since that time we have produced nearly twenty billion bushels of corn, over five billion bushels of wheat, over ninety million bales of cotton, and other crops in proportion.

"In 1897 the gold product of the United States was 2,774,935 ounces, valued at $57,363,0000. Since then the production has been as follows:

1898	3,118,398 ounces.
1899	3,437,210 ounces.
1900	3,829,897 ounces.
1901	3,805,500 ounces.
1902	3,870,000 ounces.
1903	3,560,000 ounces.
1904	3,892,480 ounces.
Total	22,395,087 ounces

"This product of the yellow metal, including the production of 1905, has added more than five hundred million dollars to our wealth, and gold is not a perishable commodity. The product has been accumulating from year to year until this country has, we believe, the largest supply of yellow metal in the world.

"But, of course, our crops and our gold have had nothing to do with our prosperity. We owe everything to the bully beneficence of the Republican party."

It is astonishing that in view of the increase of gold and the immense yield of crops, the Republicans will ask sensible people to believe that their prosperity is due to the Republican party. No mention is made of the immense growth of our exports which bring European and Oriental money here for our products, thus giving our people good business. The fact is this country is prosperous, in spite of the Republican party and its burdensome tariff taxes.

NO SOUTHERN MAN NEED APPLY

The Boston Herald, rushes into the breech in the niche of time, to remark:

"There has been no defeat of the Democratic party with a Northern candidate that would be comparable to the defeat it would invite by nominating a Southern man who holds that the war amendments are not binding, and refuses to give pledges to support them as the substantial part of the Constitution, as commanding in their obligation as any other portions of the organic law of the land."

The Herald confirms a well grounded suspicion that permeats the South, whether the cause is the real one or not.

CURRENT COMMENT.

—Mr. Roosevelt appears to think that a Republican control of Congress is essential to his programme of reform. Has Mr. Roosevelt forgotten that it was the Democrats who enabled him to accomplish all he may boast of?—Memphis Scimitar.

—The Republican orators and letter writers have begun their annual boast that the Republican party and its protective tariff are responsible for the nation's prosperity, but they fail to say which party deserves the blame for the San Francisco earthquake.—Courier-Journal.

—With Nicholas L. Piotrowski and John F. Smulski, the nominees of the Democratic and Republican parties of Illinois respectively for State Treasurer, it is hardly to be wondered at that our telegraph editor thought the Associated Press had got Peoria and Springfield dates mixed with St. Petersburg.—Savannah News.

—Mr. Roosevelt says that there is no connection between the tariff and trust questions. In that case, he had the wires strangely crossed in 1902, when he was talking to the Western tariff revisionists.—Norfolk Landmark.

The money so far expended by the government in collecting labor statistics has failed to either increase wages or lower the price of necessities. It is no relief to a hungry man to tell him how he got in that condition.—Washington Post (Ind.).

—The Hon. Andrew Dickson White, former president of Cornell University, Minister to Germany, etc., has been making a study of statistics with reference to crime, and particularly the crime of murder. What he discovers will not be solacing to American national pride. Quite the contrary. In brief, it is, that in murders—and particularly in unpunished murders—our country leads the world. It is sometimes said that we might as well abolish the death penalty, because it is no longer a deterrent. The fact is, that the death penalty has been so nearly abolished already that a smart criminal, with a good, resourceful lawyer, figures that he may escape the chair; and crime increases steadily in proportion to the "abolition of the death penalty" and of the deterrent fear excited thereby. These things have a direct bearing on lynchings, as students of criminology well know.—Albany Argus.

TWINKLINGS.

Shady—What an odd looking old parasol! "Isn't it? It's been in our family for almost a century." "Ah, one of the shades of your ancestors."—Exchange.

—Scott—I played a funny trick on the law of gravitation this morning. Mott—What was it? Scott—Dropped a line to my wife up in the mountains.—Exchange.

—Prospective Boarder—There's one thing I insist on. I must have my meals on time. Landlady—Then, sir, I cannot accommodate you. My terms are strictly cash.—Boston Transcript.

—Rapid—I took a girl out in my machine yesterday, and held her hand, proposed, was accepted and kissed her three times all inside of forty-two minutes. "You ought to be put in jail for exceeding the speed limit."—Life.

—"Oh, my!" exclaimed the excited woman who has mislaid her husband. "I'm looking for a small man with one eye." "Well, ma'am," replied the polite floorwalker, "if he's a very small man maybe you'd better use both eyes."—Philadelphia Ledger.

—"I wonder if it's literally true, as they say, that the 'darkest hour is just before the dawn.'" "Wouldn't be surprised. Notice that often when I get home from the club just before dawn, I fall over everything in the house."—Philadelphia Ledger.

—"A number of statesmen refuse to depend on the judgment of the common people." "Well," answered Farmer Corntossel, "after the poor judgment shown by us common people in putting 'em up for office, I don't know as I blame 'em."—Washington Star.

—Confidential Friend (to elderly but not unattractive spinster)—So, dear, you've given up advocating women's rights?" "Yes; I am now going in for one woman's lefts." Confidential Friend—Women's lefts! What's that?" Elderly Spinster—Widowers, my dear."—Exchange.

—"I thought," said Mrs. Oldcastle, "that you intended to have D'Auber, the great mural painter, do some work for you." "We did," replied her hostess, "but Josiah discharged him. He tried to cheat us by paintin' on the walls, I s'pose because he didn't want to spend any money for canvas."—Chicago Record-Herald.

GREAT BLESSING TO RUM CURED

Victim of Whiskey Tells of His Happy Deliverance by Keeley Treatment—Had Been Drunkard for Twenty-five Years.

The Keeley Institute, Greensboro, N. C.:

It affords me great pleasure indeed to say a few words in praise of your grand Institution. It is, in my opinion, one of the greatest blessings rum-cursed humanity has ever had bestowed on it, and I think my own experience will bear me out in this assertion. I took my first drink when I was about twelve years of age and kept it up for over twenty-five years, gradually growing worse until I became a confirmed drunkard. I would neglect my business, my home, and my loved ones in my effort to get whiskey, and became so bad and degraded that my friends despaired of my ever becoming a man again, and expected I would soon fill a drunkard's grave. Finally, as a last resort, I was persuaded to try your treatment, and in January, 1903, I entered your institution to be treated for the whiskey habit. I staid there four weeks and the results were beyond my wildest hopes. I left there a new man, entirely cured, and my thirst for whiskey totally destroyed. It has now been about two years since I graduated from the Keeley Institute at Greensboro, N. C., and to-day I have no more thirst for liquor than the day I left Greensboro, cured. I feel that what it has done for me is beyond expression. My one regret is that all who are afflicted cannot take the treatment.

Freemont, N. C., Dec. 7, 1904.

ADVERTISE IN THE MORNING STAR

SPIRITS TURPENTINE

—A street duel with pistols occurred at Farmville Friday between the town policeman and the township constable. Neither of the participants was hit.

—From all over Eastern North Carolina comes news that there is much anxiety among the farmers on account of the condition of the crops, caused by too much rain.

—Bule's Creek Academy, Harnett county, opened August 21 with the best opening in its history by more than 15 per cent. Thirty counties and three States represented the first day.

—The fifth session of the Medical Department of the University of North Carolina, at Raleigh, will open on September 10th, at the same time as all the other departments at Chapel Hill.

—Secretary T. K. Bruner and Curator H. H. Brimley, of the State Agricultural Department, expect to have the North Carolina "New England Exhibit" ready for shipment to Boston by September 10th, and it will be placed by October 1st.

—At the meeting of the Raleigh township division of the Southern Cotton Association on Saturday at Raleigh, a resolution was adopted requesting the removal of Secretary Richard Cheatham, of the Southern Cotton Association, because he has been dabling in cotton futures.

—Raleigh News and Observer, August 26: Mr. E. A. Muse, a popular Seaboard Air Line engineer, has gone to Baltimore, Md., where he will join his brother, Mr. C. M. Muse, and accompany him to his home in Laurinburg. Mr. C. M. Muse is just out of the Union Protestant Hospital, where he has been treated for injuries sustained in a railroad accident several weeks ago.

—Lexington Dispatch: When the usual collection at the First Reformed church was taken up Sunday an ordinary envelope used on such occasions by members of the church was found in the plate, without name or mark that would indicate the donor. The envelope contained a $20 bill, $10 bill and four $5 bills, making $50. Mystery surrounds the liberal person who donated the unusual sum.

—The pipe organ which was purchased last Spring by the Baptist University for Women, at Raleigh, is now being installed in the chapel. This organ is thought to be the largest and finest instrument in the State and is one of the largest in the South, having three manuals and forty-two stops. The opening recital on this magnificent instrument will be given Monday evening, September 19, by Mr. Wade R. Brown, assisted by several soloists and a large chorus.

—Raeford Facts and Figures: Our friend, Mr. Daniel Henry McNeill, gives us the following: Mr. W. G. McNeill, of Floral College, threshed 810 bushels of oats grown on 4 acres; 88½ bushels of wheat grown on 4 acres. He thinks he will gather 1,000 or 1,200 bushels of corn this Fall; over 2,000 bushels of grain this year. Mr. McNeill runs a three-horse farm and will make something like 50 bales of cotton. A man should not wish to do better than this.

—Snow Hill Special, August 25: A surveyor of the Raleigh and Pamlico Sound Railroad has been looking over the proposed Snow Hill-Castoria branch of the R. and P. S. R. R. and towns lots have been surveyed and marked off at the proposed junction of that branch with main line. We do not know but it looks like the Castoria route may win out. Hines Brothers have already put a locomotive on their railroad. The road is completed for about one mile and work is still being pushed on.

—Burglars made a second entrance into the store of Dove, Bost & Co., at Concord Friday night. Only a month ago the same trick was played on the firm. By means of a wagon tongue the wire grating at one of the rear windows was pried off. An attempt was made to get into the safe, but this failed, the handle being broken. From the safe the men went to the money drawer. A few dollars left there were taken, being all that was secured by the burglars.

—T. V. Holt, one of Spencer's business men, is in a serious condition as a result of a fall one day last week by which one of his arms was badly cut by a broken coca cola bottle. The gash was unnoticed at the time, but later the injured limb began to inflame and resulted in a high fever, and it is feared the arm will have to be amputated. Mr. Holt suffered the loss of a leg two years ago and is loth to part with another limb.

—While trying to take out a flat car loaded with a pile driver from the switch at the Kinston Lumber Company's plant at 12 o'clock on Saturday, at Kinston, the coupling pin at the engine coupling broke and the tender and car thus freed went down the grade and plunged off the bridge being built across Neuse River at the mill. The trucks to the tender dropped off and sank and the tender floated off down the river. The flat car and derrick sank and none of them can be recovered until the water falls. No one was hurt.

—Raleigh News and Observer: The new buildings for commercial purposes under construction in Raleigh, the contract prices aggregating above $150,000, religious buildings $15,000, residences $55,000, educational buildings $45,000, are, according to statements of contractors yesterday, making extraordinary progress. The total contracts under way is above $265,000. The chief cause of delay during the past six weeks have been the steady downpour of rain and the loss of several days carpenter work just after the strike was declared and before the new force of carpenters were bought to the city.

—A dispatch from Marion Saturday afternoon relative to the hearing of the peonage cases against the South and Western says that in the actions of the United States against the South and Western Railroad and the Carolina Company in four cases, before United States Commissioner, W. F. Craig, the defendant waived examination and tendered bonds for appearance at the October term of United States District Court at Statesville. There were many witnesses present, but none was examined, hence there were no new developments. District Attorney Holton looked after the prosecution personally and the defense was led by J. Crawford Biggs and Attorney Power, of Virginia, assisted by others.

—A Washington, N. C., correspondent writes on Saturday: Yesterday morning Mr. Nelson Shepperd, of Route No. 4, while out looking over his crops, thought to examine his potatoes as to prospective yield. Seeing a bulging place in the earth, he dug in with his fingers and uncovered two small potatoes. Seeing a second place where the potatoes had seemingly forced the ground, he again inserted his fingers, but feeling something too soft for potatoes he secured a cotton stalk and removed the covering and was face to face with a large stinging snake four feet eleven inches long. Calling for his gun he shot the reptile, which repeatedly stung its own body with the sharp point at the end of its tail, thrusting it deep into the flesh. Further investigation disclosed a nest containing forty-six eggs.

—Kenansville Eastern Carolina News: Several carpenters, plasterers and painters are hard at work on the buildings at the James Sprunt Institute. The new additions, dining room, kitchen and bed rooms is the greatest improvements yet made in the life of this school. The board of trustees has given more time and spent more money on the buildings and grounds than ever before and by the opening day it will be a different looking school to those who return. The new students will find everything neat and comfortable and all of the rooms are sufficiently large. The members of the faculty will feel encouraged by the new life and the many improvements for their comfort and pleasure. Water from the ever-flowing spring will be brought to the buildings by the use of pipes and hydraulic rams. The campus will be in good order and attractive indeed for the faculty and students. This school, for the education of girls, has become a permanent fixture in Eastern Carolina, and it deserves the patronage of an appreciative public.

—The North Carolina Corporation went to High Point yesterday to consider the complaints of the furniture manufacturers as to the serious car shortage. A High Point dispatch on Saturday said: A tabulated report just made for the information of the Corporation Commission, which meets here Monday shows that between 250 and 300 cars are past due, entailing a loss of thousands of dollars to the manufacturers here and elsewhere in the State. If the situation is not soon relieved the loss will be something enormous as regards future and present business. Factories here now have 50 car loads of furniture packed ready for loading. A bulk of correspondence and telegrams have passed between the secretary of the North Carolina Case Workers' Association and the railroad officials the past few days. Boiled down it shows the stubbornness of the Southern Railway to give the manufacturers a square deal. There are almost enough foreign cars here on the track to relieve the most urgent cases, but the railroad company refuses to let them be used only for shipments routed over the lines to which they belong and as most of the business now is for the South and Southeast, the manufacturers cannot comply with the "iron rule" of the Southern. The manufacturers have tried hard to keep the matter out of the hands of the Corporation Commission, thinking every day the railroad company would come to the rescue and not let a repetition of last year occur, but it is very apparent that if something is not done and done quickly the car famine of 1906 will greatly exceed that of August, 1905. The Corporation Commission will arrive here Monday afternoon to meet with the manufacturers.

Still Ahead in Low Prices

Our regular prices are much cheaper than any special prices yet advertised. Our goods are NEW. The following shows how and why we do and can undersell.

Discount on account of large purchases, average,	*10 pr. ct*
Discount for cash (we pay cash), average	*10 pr. ct*
Savings of freight on car shipment, average	*5 pr. ct*
Total,	*25 pr. ct*

As you see, we can sell goods at a profit of 25 per cent. and at the same time sell them for just what they would cost us if we bought in small quantities, paid local freight and bought on time. We do not try to make 25 per cent.

Our claim is corroborated by the number of prudent purchasers we send. For June the 1st to the present, we have sold $4,540.21 worth of goods, received more than $3,300.00 in cash. Our books are open for inspection of any doubters. When in need of furniture come to headquarters.

—City Building Inspector H. E. Bonitz has received a letter from State Fire Insurance Commisisoner J. R. Young, confirming his action recently in regard to the building of the Standard Oil tank in this city. The work is now progressing very satisfactorily.

—Harry Thomas, a well-to-do colored man was before Justice Furlong yesterday, charged with slapping his wife. The couple fell out over some chickens in which they claimed a joint ownership. Thomas was required to pay the cost upon his entering a sub mission.

—The ice wagons of the city yesterday went on their rounds equipped with the scales as required by law. This was in pursuance of the law on the books requiring the scales to be carried and for the deliveries of ice be weighed where it is demanded by the customer.

—The first down-town fisticuff of the present campaign occurred yesterday. The combatants were Messrs. J. L. Wynne and W. W. Way. Neither of them was seriously injured. They couldn't agree on a political proposition and in a heated argument that was progressing, they came to blows.

—Charles Houston, a horse dealer, was before Justice Bornemann yesterday upon complaint of J. K. Taylor that he had "bugged" him in a horse trade. The "judge" revolved the intricacies of the trade in his mind a few times and made the man swap back. The case was then dismissed. Taylor claimed the horse was "bellowsed" and not as represented by Houston.

—Charlotte Observer: "The tide of those who could escape the neat of the city has turned from the seashore to the mountains, and nearly every mountain resort is filled. There is still pretty good crowds at Wrightsville Beach and other resorts, however. It is noticeable that more and more people every year are visiting the resorts, in which North Carolina is peculiarly blessed."

—Yesterdays Fayetteville Observer says: "Quite a number of prominent citizens will go to New York to attend the Bryan reception on Thursday. Mr. F. R. Rose, Secretary of the Chamber of Commerce, left to-day, and Dr. H. W. Lilly and Messrs. W. L. Holt, J. B. Underwood, Jr., and J. R. Vann will go to-morrow. Maj. E. J. Hale, who is a member of the Reception Executive Committee left yesterday in order to assist in the final preparations for the great reception"

—Mr. H. E. O'Keef will leave this morning for Memphis, Tenn., where he will spend some time at his old home, the guest of his parents, Mr. and Mrs. W. P. O'Keef.

—Charlotte Chronicle: "Mr. and Mrs. H. O. Miller and daughter are spending sometime at Wrightsville Beach. During their absence from the city, Mr. and Mrs. R. W. Miller, are occupying their home in Dilworth."

—Florence Times: "Mrs. R. F. McCorkle has returned from Wrightsville Beach accompanied by Mrs. E. L. McGowen of Savannah.——Mr. and Mrs. Malloy, Mrs. Harold Brunson and Mrs. S. I. Sulzbacher left Staurday for Wrightsville Beach to spend awhile."

—William J. Bellamy, Esq., returned last evening from Milwaukee where he attended the Grand Aerie, Fraternal Order of Eagles and enjoyed a trip out West. Mr. Bellamy took a prominent part in the Grand Aerie sittings and had the honor of making the nominating speech for one of the head officials.

DIED FROM PARALYSIS.

Mr. J. W. Smith, Well Known Citizen, Passed Away Yesterday.

Mr. J. W. Smith, a well known citizen residing at No. 611 North Sixth stret, died yesterday morning at 8 o'clock as the result of a stroke of paralysis suffered the night before. The news of his death will come to many a surprise as he had been ill only a few days and was considered in no danger until he suffered the attack of paralysis Sunday night. Mr. Smith was 49 years of age and had been employed in the lumber business. He is survived by a wife and six children, who have the sympathy of many friends. Two of the surviving chilren are Mrs. Walter McCartney, of this city, and Mrs. Kate Mazingo, of Fayetteville. The others are small children in this city. The funeral of Mr. Smith will be conducted at 8:30 o'clock this morning by Elder J. W. S. Harvey, on Middle Sound.

—The Baltimore steamer Frostburg, Capt. Hall, arrived in port yesterday with cargo of general merchandise for Wilmington merchants.

EXCURSIONIST BOUND OVER.

Will Gibson, Who Had Metal Knucks on His Person.

Will Gibson, the young white man arrested Saturday on a charge of carrying a concealed weapon, was given preliminary trial yesterday at noon before Justice Furlong and bound over to the higher court under bond of $25 which was deposited in cash for him by his father, who arrived yesterday from Rockingham. The father and son left on the afternoon Seaboard Air Line train for their home. Mr. Gibson, father of the young man, said that upon the return of the excursion train to Rockingham Saturday night, there were twenty-five or thirty of the crowd missing. Some of them, he said, were in Wilmington and others were left along the route. The young man tried yesterday was very much mortified that he should have acted as he did and could excuse himself only on the ground that he was drinking.

STOPS ANY ITCHING..

Doan's Ointment Cures Eczema and Itching Piles—Wilmington People Recommend It.

One application of Doan's Ointment stops any itching. Short treatment cures eczema, itching piles, salt rheum—any skin eruption or skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and a cure. Here is Wilmington testimony to prove it:

J. S. King, clerk on Market street, residing at 815 Orange street, says: "I used Doan's Ointment and found it to be a great remedy for itching hemorrhoids. It acted like a charm in as one who says so. I obtained it at my case. I tried all kinds of remedies but until I used Doan's Ointment I could get nothing to give me positve relief. It is a splendid preparation and you are welcome to use my name as one who says so. I I obtained it at R. R. Belamy's drug store."

Enlightened Methods in Life Insurance.

The Metropolitan Life Insurance Company, of New York, has just distributed some official information in the form of a statement which would be quite unprecedented in the history of life insurance were it not for the fact that this same institution has before treated its policy-holders to similar surprises.

The Company announces that it has declared and is paying a cash dividend upon its Industrial Policies maturing in 1906, amounting to more than two millions of dollars. The full significance of this action is apparent when the nature of the Metropolitan Life's insurance contract is understood. This Company is in no sense Mutual. It does not "estimate" or guess at what it will be able to pay an insured person when his Policy matures, but agrees to pay a definite, specified premium paid by the insured according to contract. In other words, it sells insurance at what the protection is worth —not as an investment nor as a speculation. Upon this basis the cost to the person insured is, of course, determined by past experience, and as the factor of competition prevents the exaction of too high a rate. the premiums must always be as low as safe administration of the business will permit.

It may be assumed, then, that a policy-holder in the Metropolitan Life has bought a definite amount of insurance at the lowest market rate, has agreed to pay for it in definite sums at definite intervals, and has no more expectation of extra benefits than he would have in buying fire insurance or a house on similar terms.

It happens, however, that this policy-holder is associated with a Company that, by skillful management, has had phenomenal growth and prosperity, and as the actual cost of individual insurance decreases with each year's increase in volume of business, there has arisen a profit which the Company gives back to the source when it came —though no obligation to do so, implied or expressed, exists in its contracts. It has thus distributed approximately ten millions of dollars within the past few years, and it is a significant indication of the Company's present condition that the voluntary dividend of two millions now being paid is the largest yet declared in any one year.

It need not be assumed that the Metropolitan Life desires to pose as a philanthropic institution. Undoubtedly its growth in popular favor and its tremendous accession of new business year after year are in part due to this voluntary application of profit. It may be "all business," but if so, it is the sort of broad gauge, open handed business that might be widely imitated with good results to all concerned.

NEW RATE LAW NOW IN EFFECT

Act of Congress Regulating Common Carriers Went In Force Last Mid-night.

RAILROADS IN CLOSE PLACE

Not a Single Road Was Able to Comply With New Law As to Filing Tariffs—Act Allowed Insufficient Time.

(By Wire to The Morning Star.)

New York, August 27.—The new railroad rate law, which applies to all railroads doing an Inter-State business goes into effect at midnight to-night. It will be enforced by the Inter State Commerce Commission. According to the new law the roads were to have filed with the Commission by midnight all their tariffs and charges, showing, not only the full cost of transportation from point to point, but also what items go to the making up of this cost. From to-morrow on there can be no "extras," but the shipper is expected to be able to obtain in advance a final statement of the charges he has to meet.

It was stated to-day that in fact not a single company has been able to fully comply with the provisions of the law requiring them to have all their schedules on file by midnight. The schedule of switching charges was the most difficult of completion.

Under the law every company which fails to complete its schedules might be fined, but it is understood that the Inter-State Commerce Commission will give additional time in every case when a road has given evidence of sincere intent to comply with the law. To discuss this and other points, a committee, representing the big eastern railroads, will go to Washington to-morrow in order to meet the Commission. This conference will be attended by representatives of the anthracite coal roads which are anxious to obtain a ruling from the Commission on that stction of the law which prohobits a railroad from carrying from carrying from one State to another any article manufactured, mined or produced by it except for its own use. This would include coal.

It is expected that shippers will find themselves benefitted by the provision which requires the railroads to include all charges of whatsoever nature in their quoted dates. Heretofore a shipper has had to figure for himself on refrigerator and elevator charges and the dozen or more other incidentals dickering with the separate companies, which has a hand in a transportation or care of his shipment. Now the railroad must do that, and the shipper meets but one charge and deals with but one concern. All the sources of side charges are consolidated, and private cars, side tracks, spurs, terminals and elevators are made subject to the law.

The new law also requires the railroads to establish a uniform system of accounting and to keep their books open for inspection at all times by the expert accountants of the Commission. This feature is expected to go far toward abolishing the rebate evil of the past. The railroad accountants are conferring in regard to the uniform system of bookkeeping, which, however, will not go into effect until June 1, next year. In the meantime the Commission has put its own experts at work devising a system which will be clear enough to suit the Commission.

New York, Aupust 27.—As a direct consequence of the provisions of the rate bill, the Union Pacific Railway has determined to install its own system of refrigerator cars. Heretofore the Armour private car lines have had a monopoly of this business over the Union Pacific and Southern Pacific with all the profitable California fruit trade.

The Union Pacific to-day opened bids for the construction of six thousand steel underbody refrigerators and is likey to ask for bids for another lot soon.

Forces of clerks from all express companies in the country have for the last few days been engaged here in the task of revising express rates to comply with the provisions of the rate bill, but have been unable to finish their task in time to file schedules with the Inter-State Commerce Commission before the bill became effective. The public will reap no benefit from the new arrangement. The rates will not be lowered. The rates of every company wil be identical with those of every other.

Boston, Mass., August 27.—None of the New ngland railroads except the New York, New Haven and Hartford system will take any action regarling the issuance of free passes at this time. With the exception of the New York, New Haven and Hartford road. the railroads in this section do not consider that the clause of the Hepburn bill relating to the passes becomes operative before January 15. In respect to the New York, New Haven and Hartford it is learned that an order has been issued to suspend the issuance of all forms of Interstate transportation, either complimentary or on account of the newspapers published on the lines of the system with which the company has reciprocal relations.

Manager Mack, of the Philadelphia American League Baseball Club, has purchased the release of Pitchers Rucker and Holmes from the Augusta, Ga., club of the South Atlantic League. Rucker and Holmes will be available to Manager Mack after next Monday.

George M. Harvey, a well-known planter of the Bluffton section of Beaufort county, S. C., was murdered Sunday night at the plantation home of his son on Ladies' Island. He was shot in the head and his son found the body on returning home. William Bennett, a negro, is in jail charged with the crime. He denies killing Harvey.

An eastbound mixed train was derailed on the Great Northern Railway near Swift, Montana, Sunday night. A combination passenger coach was overturned, and Frank E. Prewitt and Charles Schultz, of Armington, Mont., passengers, were killed. A brakeman named Brown was also killed. Eight or ten passengers were bruised. The cause of the derailment is unexplained.

Alfred Schaufneit, a negro, was lynched at Calhoun, La., Sunday at 10 o'clock by a mob, for attempting to criminally assault Miss Olive Chambers, a prominent young woman of that place, at an early hour Sunday morning. Schaufneit was frightened by the screams of his intended victim and fled, but was later captured by a posse a few miles out of town. He was brought back to town by the posse and after confessing his guilt was hanged to a telegraph pole.

Three Spanish ships captured by Admiral Dewey in Manila May, May 1, 1898, were sold by the Navy Department esterday for $103. These ships were advertised at several Asiatic ports, the total cost of advertising being $28, and the Navy Department is quite satisfied that the bids were sufficient to cover the expense of advertising. The three ships are the Albay, Manileno and Mindanao. They have been stripped of everything movable and are simply old hulks, practically useless for any purpose of the navy.

David Barton, white, narrowly escaped lynching in Aiken county, S. C., on Saturday for attempting to criminaly assaulting Miss Mattie Bryan, an orphan girl while he was accompanying her home from an ice-cream festival Saturday night at Graniteville. He struck her with a whiskey bottle, severely bit her on the face and nearly tore her clothing off, when finally her screams frightened him away. The officers had to spirit him away from a mob of 100 men and safely landed him in jail at Aiken. He claims that he was drunk and knew nothing about the affair.

The Twenty-fifth colored infantry reached Fort Reno, at El Reno, Okla., Sunday night from Brownsvile, Tex., following the instructions of army authorities, as a result of the recent trouble at Brownsville. Orders were issued yesterday at Reno that no trooper may visit El Reno without a pass. The camp was quiet last night.

At Berea, Minnesota, on Sunday Kermit Roosevelt, son of the President, and his friend, John Heard, were shaken up but uninjured by the derailment of a train, five coaches going off the track on account of a split switch.

Dividends Announcement

INDUSTRIAL

The Company has just declared a cash mortuary dividend on Policies over 5 years in force which have matured and shall mature in 1906. To all death claims on Policies over 5 years in force it adds 5 per cent; to all death claims on Policies over six years in force, 6 per cent, and an additional 1 per cent for each year of duration. Thus the dividend on claims under Policies over 10 years in force is 10 per cent; over 15 years, 15 per cent; over 20 years, 20 per cent; over 25 years 25 per cent; 1,879 (the earliest issue) 27 per cent. The cost of this dividend payable during the current year is approximately.

ONE MILLION TWO HUNDRED THOUSAND DOLLARS

In addition to this the immediate benefits (payable during the six months after date of issue) on adult Industrial Policies, excepting Term and endowment, issued during 1906 have been doubled. Certain increases have also been made in the benefits on infantile Endowment Policies during the first year. The cost of these, which will operate as a dividend on all claims maturing during this year, on the issue of this year, is approximately.

ONE HUNDRED AND FIFTY THOUSAND DOLLARS.

These dividends are over and above the dividend declared on Industrial Policies January 1 last, which was a quinquennial cash dividend, amounting to about 20 per cent of the premium for a year, declared on all Policies (except Increasing Life and Endowment Policies, which by their terms carry benefits increasing yearly after the third year) issued in 1881, 1886, 1891, 1896 and 1901. The amount appropriated for this dividend was about

SIX HUNDRED AND EIGHTY-TWO THOUSAND DOLLARS.

Thus the Company THIS YEAR has declared and IS PAYING dividends on Industrial Policies amounting to

Over Two Millions of Dollars

Every one of these Policies is non-participating, promising a difinite sum only at maturity, without dividends. The payment of the dividend is PURELY VOLUNTARY. Dividends have been actually paid without promise for many years by the Metropolitan. The total amount now approximates

Ten Millions of Dollars

in 12 years. Included among these policies are hundreds ofthousands of Policies issued by other companies and assumed by the Metropolitan.

INTERMEDIATE

Intermediate Policies for $500 each have been issued by the Metropolitan for 10 years past. They are Policies designed for such of the Industrial classes as can afford to pay annual, semi-annual or quarterly premiums instead of weekly. As the plan was new there was no actuarial expedience to guide the Company as to the mortality cost. The Company promised to pay, if earned, dividends after five years and annually thereafter. This year the Company set aside over

Six Hundred and Twenty Thousand Dollars

to be paid in dividenls on Intermediate Policies during 1906. Payments of these dividends has brought the cost of the Policies very nearly down to the non-participating rates of this and other Ordinary companies.

ORDINARY

The Ordinary Policies issued by the Company for the last 15 years have been practically all written on nonparticipating rates—plain business contracts for plain business men, which tell their whole story upon their face, leave nothing to the imagination, borrow nothing from hope require definte conditions and make definite promises in dollars and cents. The rates, therefore, are low. The Company has in force, however, a considerable, though, compared with its total business, a very small percentage of participating business. Some of the Policies were issued on annual dividen and some on deferred dividend plans—many of the latter having been issued by other companies and assumed by the Metropolitan. Upon these Policies the Company has this year declared and is paying a dividend equal to the excess premium charged by mutual rates over the non participating rates charged on its current business. The amount of this dividend is nearly TWO HUNDRED THOUSAND DOLLARS, which is a voluntary extra dividend.

Thus the amount of dividends the METROPOLITAN LIFE INSURANCE COMPANY is paying this year is nearly

Three Millions of Dollars

THREE QUARTERS OF WHICH IS A VOLUNTARY GIFT BY THE COMPANY TO ITS PATRONS.

AN ANARCHIST IN NORFOLK.

Police Court Trial Discovered Aleged Terrorist Yesterday.

Norfolk, Va., August 27.—"He is a real Russian anarchist, run out of Russia five months ago. He does not believe in marriage. He secured a signed paper from a relative of mine giving him a half interest in her store and an agreement that she should become his wife. I demanded that he marry her and this was the cause of the trouble."

This was the story of C. Freidman, aged 26, who appeared in the police court this morning with Benis Batoose, aged 23 years, charged jointly with fighting and disturbing the peace.

Batoose stood before the court in a sullen mood, with no denial of the charge brought by Freidman that he had been run out of Russia because of his anarchistic teachings.

Justice Simmons, shocked at the development of the trial, continued the case for further investigation and committed Batoose to jail until tomorrow. Freidman was released upon his own recognizance.

BRYAN REFUSES FREE PASS.

Southerners Arrive in New York to Attend Reception.

(By Wire to The Morning Star.)

New Haven, Conn., August 27.—Mr. Bryan has declined the proffer of President Mellin's private car on his trip from New York to this city. In his letter he says: "I do not think it would be wise to accept favors from the railroad. Let me pay my fare and ride as I usually do."

New York, August 27.—Former Governor W. S. Jennings, of Florida, reported to the Bryan reception committee to-day that he had arrived with thirty of his fellow-citizens. Others to come will swell the Florida delegation to one hundred. D. U. Fletcher, of Jacksonville, chairman of the Florida Democratic State Central Committee, is with the delegation.

A FAMOUS SONG WRITER.

Foster Was Called the Edgar Allan Poe of Music.

Stephen Collins Foster, the most popular of American song writers and composers, has been called the Edgar Allan Poe of music. Like Poe, he was a genius. He came of Virginia parentage, received a good education and died in New York Jan. 13, 1864, in the height of his fame, a penniless wanderer. He was born in Pittsburg July 4, 1826.

He learned easily, and after receiving private lessons in music and drawing taught himself to play on the flageolet, guitar and banjo. He also devoted several years to the voice and piano. Then he turned his attention to composing songs and dialect ballads and dialect songs. At the age of seventeen, while employed in Louisville, Ky., he published the serenade "Open Thy Lattice, Love," which was instantly successful. Then followed "Uncle Ned," "O Susannah," which were sung by a minstrel troupe, and Stephen Foster became famous far and wide."

Marrying, in 1844, Jennie McDowell, he came to New York, where in rapid succession he supplied his publishers with songs which became famous—"Old Kentucky Home," "Massa's In De Cold, Cold Ground," "Old Dog Tray," "Willie, We Have Missed You" and "Sweet Ellen Bayne." But the song that is best known in many lands is "The Suwanee River," for which Christie's minstrels gave him at the beginning $50. In addition he received royalties on its sale of over half a million copies and the honor of knowing that eminent singers like Jenny Lind sang it to applauding thousands.

His last song, a negro melody, "Old Black Joe," is still a favorite. A fourth of his 150 songs were in negro dialect, among which were "Nellie Bly," "Nell Was a Lady" and "Nancy Tile."

Obliged to Move.

"What, you are not going to move again?" said Mr. Jones to his brother. "I thought you liked your little flat."

"So we did when we moved in, but my wife has gained ten pounds, and we need more room."

Good nature is the very air of a good mind, the sign of a large and generous soul and the peculiar soil in which virtue prospers.—Goodman.

SENATOR OVERMAN IS TO BE SUED

Heirs and Creditors of Lanier Estate Will Attack Settlement He Made as Administrator, Involving $30,000 Cotton Deal.

(Special to Baltimore Sun.)

New York, August 24.—Interests adverse to Senator Lee S. Overman, of North Carolina, are seeking to have his administration of the estate of the late J. B. Lanier, who died in New York more than 10 years ago, reviewed by the courts in order that $30,000 paid by the Senator as administrator to the firm of W. B. Rountree & Co., cotton brokers, 4 Cotton Exchange Building, may be recovered for certain creditors and relatives of Mr. Lanier in North Carolina.

Senator Overman, who is a lawyer of great reputation in his own State, was elected to the United States Senate in 1903. His term will expire in 1909. He was made administrator of the estate of his friend, Mr. Lanier, representative of a prominent Southern family, and at once assumed management. Among the debts presented for settlemen was one for $30,000, alleged to be due to Rountree & Co., for notes passed by Mr. Lanier to the firm in a cotton deal. Creditors in North Carolina were forced to take 50 cents on the dollar, it is alleged, because of the inroad made upon the estate by the payment of this claim.

Relatives of the dead man join with the creditors in the effort which they are about to make to have the courts here and in North Carolina declare the payment illegal on the ground that the notes were given for the purpose of dealing on a margin, which, it is said, under the North Carolina law, is construed as gambling. It is held that the administrator had no right to pay out a gambling debt as against other creditors. The center of the agitation is Salisbury, the home of Senator Overman.

Four prominent law firms have been retained by the creditors and members of the family of Mr. Lanier, and arrangements have been made to have a hearing before a court commissioner in this city. L. H. Clement, of Salisbury came here this week to conduct the examination in the interest of Senator Overman and R. H. Rountree & Co., successors to the original firm of W. B. Rountree & Co. The sudden death of Albert L. Rountree, a member of the firm, put a temporary stop to the proceedings. Mr. Rountree knew the details of the transaction and was a most important witness.

It is argued by Senator Overman and the Rountrees that cotton operations, even on a margin, have been held by all the courts to be legitimate commercial transactions. They say the position of the contestants is untenable. On the other hand, the contestants assert that the matter is still open for review, on account of the delay in settling up the estate and filing the final accounting, which was done recently. Papers on file in Salisbury, where the suit is brought, cannot be obtained until the lapse of a year under the North Carolina practice. Hence it is impossible to present the exact language of the complaint.

Some of Senator Overman's friends pretend to see political significance in the attack on him in view of the fact that a bitter fight has been started upon him by the Republicans and Populists of the State.

LABOR DAY EXCURSION.

The Trip That Beats Them All.

Labor Day, Monday September 3rd, is the time when you will be given the opportunity of taking that big excursion to Newbern via the fast and famous Atlantic Coast Line. If you want to enjoy the finest excursion of the season just cast care aside and throw your troubles to the four winds and follow the Big Crowd on a day's outing which is unequalled by any other trip of the season. A chance of this kind is not a frequent happening. It is seldom that Wilmingtonians have a chance to take a trip of this kind and now is a good time for you to make up your minds to go otherwise you will be storing up one long lingering regret. Trains leave Depot at 7:30 A. M. and will leave Newbern on the return at 10 P. M. There will be separate cars for white and colored passengers. Round trip only $1.25. This is a cheap rate such as is not offered every day. aug 18-tf**

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

THE COTTON MARKET.

New York, August 27.—The cotton market was moderately active and generally firmer to-day with the close steady at a net advance of 14 to 21 points and sales estimated at 250,000 bales. The market opened firm at an advance of 5 to 7 points higher on higher cables. Shortly after the call prices broke from a net advance of 7 to 8 points to within 2 or 3 points of last Saturday's finals under realizing and bear pressure, but at the decline, on which the market ruled steady until early in the afternoon, when local shorts became uneasy over the absence of aggressive bear pressure and more numerous reports of crop deterioration from Mississippi, the Gulf States and Texas, and coveing started an advance which caught some stop loss orders on the short side. Trading was quite active on the bulge and the market closed within a point or two of the best. The weather over the week end was rather wet and there were complaints of too much moisture, but no specially heavy precipitation was reported. Special reports published by a prominent local authority covering Georgia and Alabama, showed conditions to have been maintained in the former State, and no more than normal deterioration in the latter, but reported a big slack of a corresponding increase in fruit. Southern spot markets were steady and unchanged.

Receipts at the ports to-day 11,324 bales against 7,693 last week and 11,003 last year. For the week 85,000 against 49,414 last week and 89,620 last year. To-day's receipts at New Orleans 351 bales against 1,045 last year, and at Houston 6,204 bales against 6,305 last year.

Spot cotton closed quiet, 10 points higher; middling uplands 10.00; middling gulf 10.25; no sales. Futures closed steady. Prices follow:

RURAL GUARDS DEFEAT REBELS

Seventeen of Latter and One of Former Killed Near Cienfuegos, Cuba.

PRESIDENT OFFERS AMESTY

Insurgent Chief Guirea Says He Will Not Lay Down His Arms—Prepared to Hide in Mountain Fastnesses.

(By Cable to The Morning Star.)

Havana, August 27.—At the moment today when the government was issuing a proclamation offering pardon to rebels who would lay down their arms, its forces were dealing the most telling blow that has yet been struck against the insurgents in the field. For several days it had been stated that General Guzmans force of insurgents, which was variously estimated at 200 upwards, contemplated an attack on Cienfuegos. Colonel Valle, with a detachment of rural guards and volunteers, was despatched to Cienfuesgos for the purpose of engaging Gauzman and breaking up the band. The encounter of the two forces today resulted in the worst disaster which the insurgents have sustained up to this time. They lost 17 men killed and many wounded, while the loss to the government force was one man killed.

That the insurrection is in a shakey condition seems to be a fact, although the end may not be near as members of the guards seem to believe. Congressman Fautisno Guerra, the insurgent leader operating in the Province of Pinar del Rio, in a signed statement telegraphed to the Associated Press tonight, declares that he is as determined as ever that the last Presidential election shall be annulled before there can be peace in Cuba.

That Gurra's force of 2,000 men is well armed and supplied with ammunition and food is amply verified. Their greatest drawback now is the lack of money, but the people of the western part of Pinar del Rio are furnishing them with all the supplies needed, taking in return therefor orders on the "Cuban government" and in many cases refusing to accept any consideration.

The government's offer of amnesty, which was issued this afternoon is variously received. It is impossible to say what its effect will be upon those to whom it is addressed. Alfredo Zayas, president of the Senate and leader of the Liberal party, stated tonight that he was unable to express any opinion as to whether the insurgents would grasp the opportunity offered. The foreign element, including many Americans, criticise the offer of amnesty as a weak and disapopinting action, showing a desire for peace at any price and a willingness to sacrifice the possibility of future securfty to a present expediency.

Secretary Montalvo's order does not provide for the relief of alleged conspirators who are now in jail in Havana and the question has arisen as to what shall be done with them. A considerable number of insurgents are known to be returning quietly to their homes in the province of Havana and in the eastern part of the province of Pinar del Rio. In the latter province the situation remains unchanged. Guerra knows nothing of the Montalvo's order, and if he did it is altogether unlikely that it would affect his course materially. At present there is every reason for expecting that Guerra will hold out for some time to come. The district in which he is operating is inhabited by Liberals who are practically all tentaitve if not active sympathizers with the insurrection. Then, too, Guerra has hilly fastness and to which he retires nightly and from which it will be practically imposible to rout him.

A favorable feature of the situation in Pinar del Rio is that Guerra will not fight if he can help it. He intends, he says, to remain out indefinitely in protest against the subservience of the Palma administration.

The Associated Press is reliably informed that Asbert's force the main insurgent body now in the province of Havana, amounts to 150 men and that there are not exceeding 100 more in small parties. The eastern part of the Province of Pinar del Rio is practically unprotected but there have been only petty depredations there by small bands.

There is some question whether the Santa Clara band calling themselves Mendieta's party were actually commanded by the captured leader; but undoubtedly he was with them most of the time.

The Mentanzas cut little figure and Eastern Cuba remains on the quiet.

RUSSIAN GENERALS BEING ASSASSINATED

Gen. Min Shot to Death by Girl Terrorist at St. Petersburg on Sunday—Young Man Slays Gen. Von Liarnski.

(By Cable to The Morning Star.)

St. Petersburg, August 27.—Saturday's unsuccessful attempt on the life of Premier Stolypin, with its sickening, useless slaughter of 32 persons, was followed Sunday night by another revolutionary outrage, in which General Min, commander of the Seminovsky Guard Regiment, and who since his promoton to be a general has been attached as a personal adjutant to the suite of the Emperor, was killed on the station platform at Peterhof by a young woman who fired five shots into his body from an automatic revolver, and then, without resistance, submitted to arrest. The capture of the girl was effected by General Min's wife, who held her until the arrival of an officer.

This was the third successive attempt on the life of General Min, who was condemned to death by the terrorists immediately after the Moscow revolt last December on account of the stern repression practiced by a battalion under his command, and especially for the wholesale execution of persons condemned by drumhead court-martial for being caught with arms in their hands.

The death sentence had long hung over the head of General Min, owing to the disfavor into which he had fallen because of alleged harsh methods and cruelties. It was General (then Colonel) Min who commanded the Seminovsky Regiment when the people were shot down near the Technological Institute in St. Petersburg, October 31, and who, it was stated, wanted to set the buildings of the institute on fire and roast the students inside.

Another Assassination.

Warsaw, August 27.—General Von Liaranski, acting military governor general of Warsaw, was shot and killed at 2 o'clock this afternoon while driving in a cab. The assassin escaped. This morning an unknown man karned the cabmen of this city generally not to drive any of the generals. General Von Liaranski was the commander of the Fifth Army Corps, stationed at Warsaw.

General Von Liaranski was driving in a carriage from the commandant's office to his residence. As the general's driver slackened speed at a place where the street was torn up for repaving, an unknown young man fired four shots at Von Liaranski through the top of the carriage, one of the bullets entering the general's breast under the heart. The coachman whipped up his horses and drove at full speed to the hospital, where the general died almost instantly. Von Liaranski had only recently been appointed acting military governor of this city.

Emperor Risks Assassination.

St. Petersburg, August 27.—In spite of the menace of active war by the terrorists against those high in authority, an earnest of which was the slaying of Acting Governor General Von Liaranski at Warsaw to-day, Emperor Nicholas and the Empress quit the shelter of the palace enclosure at Peterholf this afternoon to attend a funeral mass over the body of General Min in the Peterhof camp, a short distance from the palace, but the precautions for the protection of the imperial family were adequate, and the sovereigns returned to the palace without incident. Several of the Dukes and delegations from all the regiments in the St. Petersburg district were present.

The body of General Min will be brought to St. Petersburg to-morrow on board a royal train over the special imperial line.

ALABAMA DEMOCRATIC PRIMARY

Ex-Governor Johnston and Ex-Congressman Bankhead Lead for Senator.

(By Wire to The Morning Star.)

Birmingham, Ala., August 27.—Returns in to-day's State Democratic primary are very slow coming in because of the large list of officers and the large number of candidates, which makes the counting unusually slow. Returns received up to 9 o'clock are from scattered beats in North Alabama and thus far, B. B. Comer has carried every beat for Governor over R. M. Cunningham. Henry B. Gray is leading for Lieutenant Governor; S. D. Weakley for chief justice, is ahead by a slight majority. For alternate United States Senator, former Governor Joseph F. Johnston is leading the field, and second place is closely contested between John H. Bankhead and John B. Knox.

CINCINNATI RATES TO GEORGIA.

Inter-State Commerce Commission Decides for and Against Roads.

(By Wire to The Morning Star.)

Washington, August 27.—The Inter-State Commerce Commission announced its decision yesterday in an opinion by Commissioner Clements, in the case of Davenport Brothers & Co., against the Southern Railway Company, and the Seaboard Air Line Railway. Upon complaint that defendants violated the act to regualte commerce by charging higher rates on canned goods, grain, flour, hay and packing-house products from Cincinnati and Memphis to Helena and McRae, Georgia, than to Cordele and Fitzgerald, Georgia, towns in the section of country surrounding Helena and McRae, and giving due consideration to circumstances and conditions, including situation of localities, railway competition, competition of markets and the basing pint system of rate making, as practiced in the South, the Commission held that, upon the record made in this case, the situation of Helena and McRae is not so similar to that of Cordele as to require the application of Cordele rates to the first named places, but that the rates in question from Cincinnai and Memphis to Helena and McRae of defendants lines are unreasonable and unjust and should not exceed those now in effect to Fitzgerald from such points of origin.

NEW YORK INDEPENDENT MOVE.

Call for Conference of Democrats Opposed to Hearst.

(By Wire to The Morning Star.)

New York, August 27.—The Evening Post to-day announced that a number of independent Democrats has signed and issued a circular calling a conference at Albany September 5th, at which every country in the State will be represented. The circular announces that addresses will be made at this conference by District Attorney Jerome, among others, and that others have been invited to speak, including Mayor J. D. Adams, of Buffalo; Edward M. Richard, of Brooklyn, and D. Cady Herrick.

The Post said it is evident from the wording of the call that the independent Democrats who have issued it are against Hearst, and that their attitude toward Jerome is indicated by the fact that he will address them. The circular declares that the purpose of the conference is to take whatever action seems most effective "in the present emergency to prevent the completion of the corrupt deal which is contemplated, involving the sale of the Democratic name and organization."

The circular says also that there is danger that the party will fall a prey "either to selfish corporate influence, to some unprincipled demagogue without fixed political principles or to some clique of unscrupulous politicians without any political principles whatever."

JUSTIFIED IN KILLING NEGRO.

South Carolinian Acquitted for Defending Wifes Honor.

Florence, S. C., August 27.—The verdict of the coroner's jury in the killing of the negro Lewis Gregg at Effingham Saturday by Roy Marshall was justifiable homicide.. Mr. Marshall gave himself up to the sheriff and will be released as soon as his bond can be arranged. Only two witnesses who saw the shooting besides Mrs. Marshall were examined:

Mrs. Marshall's testimony is to the effect that Gregg went to her house Friday afternoon and inquired where Mr. Marshall was. She told him that he was in the field at work. He then wanted to know if her mother was still living with them. She told him yes, but she was in her room sick. Gregg then pretended to want to buy some chickens, and he was told by Mrs. Marshall that she had no chickens to sell. Mrs. Marshall then suspected that the negro was after an evil purpose, and she became excited and started in the house. It was then the negro made his improper proposal, offering her $10. Mrs. Marshall became frightened and as she turned to dash in the house the negro caught hold of her and tried to pull her back, but she jerked herself loose from him and he dashed off and made his escape.

CRUELTIES TO AMERICANS.

Serious Charge Against French by 2,000 Oystermen.

(By Wire to The Morning Star.)

Boston, Mass., August 27.—Charges of cruel treatment of Americans at Sainte Nazaire, France, were made today by Frank Downey, who arrived from Liverpool as a stowaway on the Sachem. Downey, who said his home is in New York, was one of abut 2,000 Americans who went to France to introduce American methods in the oyster industry. He said that he and his companions were kept in a state of practical slavery, being ill fed and ill treated and forced to work night and day until completely exhausted. Downey escaped to England in a penniless condition and hid on board the Sachem just before she left Liverpool.

VERY PUZZLING TO SCIENTISTS

Something Strange About Unprecedented Rainfall in the South and East.

NO SATISFACTORY ANSWER

Average Rainfall at Washington for August Has Been 12 Inches Against An Average of Less Than 4 Inches.

(By Wire to The Morning Star.)

Washington, August 27.—The unprecedented rainfall throughout the East and South is interesting the meteroologists of the United States but thus far they have not found a satisfactdry answer to their scientific inquirers as to the causes. The average rainfall for August in the vicinity of Washington heretofore has been less than four inches, but thus far this month more than 12 inches have fallen. Professor Edward B. Garriett, one of the official forecasters of the weather bureau, said to-day that "the rainy season has been a reversal of the general distribution of baremetric pressures. This distribution has been unusual and abnormal. Ordinarily at this season of the year the barometer is high over the Southern States and low over the northern part of the country. During the past two months the barometer has been high in the North and low in the South. That is the immediate cause of the long continued spell of wet weather. No one knows the real foundation of these conditions which has brought more than three times the usual amount of rainfall in the month of August.

AUTOMOBILES FOR MAIL SERVICE

Will Be Used in Large Cities to Collect Letters.

(By Wire to The Morning Star.)

Washington, August 27.—Automobiles are to be substituted for one-horse wagons in the collection of mail from letter boxes in large cities. Baltimore is the first city in which a contract for collection wagons will terminate and First Assistant Postmaster General Hichcock has just completed arrangements by which two specially constructed automobiles will be leased to make the experiment there, beginning October 1. These automobiles will do away with four wagons and will compete with fifteen wagons to be retained so that the relative advantages of the horse and the motor car in this service will be clearly shown. The department points out that as Baltimore is a hilly city the automobile collection will be tested there under somewhat unfavorable conditions. If it proves successful the automobile service will be extended in Baltimore and gradually established in other cities.
